Program Coordinator: C. McDonald

The English online degree program consists of four semesters of 5-week online classes (12 classes in all). Students will gain knowledge of several literary traditions and eras and considerable experience in writing, thinking critically, analyzing texts and conducting research. These are skills needed in almost any profession: advertising, business, government service, journalism, law, library science, ministry, publishing, and teaching. Beyond this, however, students will be challenged to consider issues of character and faith through the questions raised in their study.

This program is particularly suitable for students seeking licensure in secondary education.

Students wishing to receive a BA in English at King are required to take a foreign language. Those students in the Online English program who have not fulfilled this requirement prior to enrolling in the English Online major must take eight semester hours of Latin online.
