C. Lynn Holden, Dean

The Bachelor of Science in Nursing program offers a baccalaureate degree (BSN) to pre-licensure and registered nurse students. The program builds on courses in the Humanities and Arts and Sciences and integrates a strong foundation of Christian values. The course of study is competency-based with clinical laboratory experiences in acute care hospitals, long-term care settings and public health agencies along with innovative community-focused sites such as congregational health networks.

The School of Nursing offers the traditional BSN program at its Bristol, Kingsport and Knoxville campuses. These programs consist of a curriculum with exceptional clinical rotations throughout Northeast Tennessee and Southwest Virginia.

The School of Nursing Resource Center (NRC) is an early intervention offering for students at Bristol, Kingsport, and Knoxville campuses, with individualized plans of study designed specifically to strengthen students’ areas of learning that pose risk to their meeting course outcomes.

The nursing program is approved by the Tennessee Board of Nursing and is accredited by the Commission on Collegiate Nursing Education.

The BSN degree from King's School of Nursing provides an excellent foundation for the pursuit of graduate studies.

The School of Nursing faculty and students from the Bristol, Kingsport, Knoxville, and Nashville campuses partner in the learning process and collaborate with other disciplines to provide quality care. Faculty cultivate the development of knowledge, skills, and behaviors necessary for students’ personal and professional achievement. Students are given the tools to develop skills in becoming designers, providers, coordinators, and managers of care, as well as contributing members to the profession. Students are prepared to participate in meeting the emerging health needs of a changing society.

Majors

- Nursing
Graduate & Professional Studies Degrees
- Bachelor of Science in Nursing (for Registered Nurses)
- Master of Science in Nursing
- Doctor of Nursing Practice
