Dan Kreiss, Dean

Dedicated in February 2001, the Peeke School of Christian Mission is the culmination of decades of the institution’s commitment to missions. The School honors world-changing alumna and missionary to Ecuador, Catherine Peeke. Dr. Peeke arrived in the jungles of Ecuador soon after the deaths of five missionaries at the hands of indigenous tribal leaders. She spent nearly 25 years in that village. Her work involved translating the entire New Testament in the Waorani language, bringing the message of the Gospel to the tribe, and celebrating the conversion of many of the people to Christianity.

To honor Dr. Peeke’s work, King instituted the Peeke School of Christian Mission. The Peeke School’s mission is to educate and prepare servants in a community of learning and discipleship to participate in carrying out the Great Commission.

Students can choose to minor in Intercultural Studies (16 hours).

ICST 2100
The World Christian Movement ...........................................4 s.h.
AND
