ECON 2000 Introduction to Economic Principles. This course covers microeconomic theory including theories of demand, supply, production, cost, market structures, and determination of factor incomes, and macroeconomic theory including theories of economic institutions, aggregate economic theory, monetary and fiscal policy, and the banking system. 4 s.h.

ECON 2200 (F/S) Economic and Social Systems: Principles of Economics. This course takes an interdisciplinary approach to the economic systems in the world today. Readings, lectures, and class discussions help students learn to identify the key elements and problems in economics and politics by introducing the concepts of choices, resources, scarcities, opportunity costs, and optimizations. Students gain a better understanding of how economic and political systems work to solve societal problems. 4 s.h.

ECON 3250 (A/F-O) Money and Banking. A theoretical and analytical approach to financial institutions, regulations in the banking system, central banking, and monetary policy and control. 4 s.h. Prerequisites: ECON 2200.

ECON 3260 (F) Intermediate Microeconomic Theory. A study of selected areas of advanced price theory and their applications. This course balances theories with real-world applications. 4 s.h. Prerequisites: ECON 2200.

ECON 3270 (A/S-E) Intermediate Macroeconomic Theory. A study of the various theories of aggregate income determination and of inflation, unemployment, and business cycles. The course will also study the various views of the feasibility of counter-cyclical stabilization policy and demand management. 4 s.h. Prerequisites: ECON 2200.

ECON 3280 (D) Issues in Political Economy. The course studies the interaction between government and markets. For example, the conflicts between efficiency and the politically favorable, the dilemma of political failures and market failures. The course will also provide a forum to integrate economics and political science as we discuss current events; for example, healthcare, income inequality, and international trade. 4 s.h. Prerequisites: ECON 2200.

ECON 3800 (D) Economic Issues in Public Policy and Current Events. This course is intended to be a capstone course for students pursuing the Economics Track.
or Minor. This course helps students develop skills in writing about, discussing, interpreting, and presenting economic policy analysis. In this class, we will analyze selected policies in a variety of formats: lectures and class discussions, as well as oral and written presentations by individual students on their own topics ............................................4 s.h. Prerequisites: ECON 3260 and ECON 3270 or approval by Instructor.

**ECON 3900 (D) Special Topics.** Guided research in special topics selected by conference between the instructor and student. The proposal must be approved by the instructor and reviewed by the department in advance of registration .......................................................... credit to be arranged...
