* Language proficiency is required to elect PSIC 2120, PSIC 1520, or RELG 2430.

It is the responsibility of each student to monitor his or her academic progress at King University. The student is expected to know the published graduation requirements pertinent to his or her program, to be cognizant of his or her grade point average, to make appropriate elective course selections, and to add/drop courses to best facilitate attainment of his or her educational goals. To assist in making these important decisions, the University provides each student with an Academic Advisor.

Transfer credits for nursing majors require a C or better for natural science, math, and developmental psychology (equivalent to PSYC 3300 Lifespan Human Development) courses and a C+ or better for nursing major (NURS) courses.

This form serves only as a guide; for complete information, including prerequisite and grade requirements, refer to the Academic Catalogue. Last edited 4/3/12.
