

Veterans Affairs Educational Benefits

Applying for VA Educational Benefits

The admissions process and enrolling in classes must be complete before the University can certify enrollment; however, a student can apply for VA benefits before admittance to the University or enrolling in classes. This is strongly encouraged because it may take a few weeks for the VA to process applications.

If a student is a service member, veteran, or family member of a service member or veteran, he or she can apply for the Certificate of Eligibility (COE) by visiting the following link:
<https://www.vets.gov/education/apply-for-education-benefits/>

Submission of the application will result in the issuance of a Certificate of Eligibility from the U.S. Department of Veterans Affairs. Students with questions or needing assistance completing the application should contact the VA Education Call Center at 1-888-442-4551. They may also utilize the “Ask a Question” option on their site.

Certifying Process

Certification is the school’s way of notifying VA that a student is enrolled and wishes to be certified. Changes in enrollment may impact or delay eligibility. It is the student’s responsibility to comply with all laws and regulations controlling eligibility and receipt of veterans’ benefits. Tuition and fees are submitted to the VA, via the VA Once website, and are based off the start and end date of each Module registered.

King University is only responsible for forwarding the student’s claim for benefits and certification of enrollment to the Department of Veterans Affairs, and that further processing on claim of benefits is controlled solely by the Department of Veterans Affairs. The chapter and percentage of benefits is based off the time of service and other factors evaluated by Veteran Affairs.

The Benefits certified by the University’s Certifying Official (SCO) are as follows:
