All traditional students whose matriculation into King University represents their first full-time college or university enrollment, and are classified as “New Freshmen,” are required to take KING 1000.

All traditional students who matriculate into King University having had prior full-time college or university enrollment are required to take KING 2000. Students who have earned a baccalaureate degree prior to their matriculation into King University are not required to take KING 2000, although they may choose to do so.

All traditional King students are required to satisfy KING 3000 and KING 4000 as a part of the Common Experience of the Core Curriculum.

All students matriculating into the Associate of Arts program are required to take KING 1500 as a part of their program of studies. Students who matriculate into other GPS programs and need elective hours are encouraged to include KING 1500 as a part of their program of studies.
