The Economics minor may be declared by students majoring in any discipline, including Business majors who are not in the Economics Track.

ECON 2200 Economic and Social Systems: Principles of Economics is a foundational course for any student choosing to minor in Economics. However, if a student has taken ECON 2200 to satisfy another requirement (such as “U.S. and Global Citizenship” in the core curriculum), he/she cannot count ECON 2200 toward the 20 s.h. requirement for the Economics minor.

Additionally, due to the close relation of Economics and Finance and the corresponding complementary courses offered therein, the Economics minor requirement is reduced to 6 s.h. for a Business major in the Finance Track.

**Student Learning Outcomes**
The Economics minor furthers the mission of King to build meaningful lives of achievement and cultural transformation in Christ by preparing students to excel in business in a principled manner while recognizing personal and professional responsibilities.

Upon completion of the Economics minor, graduates will:
1. Demonstrate effective written, oral, and visual communication skills appropriate for business contexts and settings.
2. Demonstrate critical thinking skills.
3. Demonstrate functional knowledge and skills in economics.

**Computer Requirements**
Students in the Economics minor program are required to have access to a computer, with minimum of Microsoft Office 2010 or later, wireless capability, and webcam.

**Economics Minor Requirements**
