Teacher Education - MUSIC

The B.A. in Music with K-12 licensure is designed to prepare highly qualified, entry-level professional music educators. Graduates will exhibit academic and technical competence and an appreciation of diverse abilities and cultures in school, community, and professional settings. Because of the broad scope of music education, this major provides two tracks from which students may choose: vocal/general and instrumental/general.

The music program generally produces six full concerts each academic year and numerous church visits each semester. The department frequently invites guest artists to campus for performances and workshops for students. The department encourages student participation in national conferences and festivals and prepares students for internships with music professionals in the area. Participation in concerts is open to all students, regardless of major, and community members.

All students graduating from King with a major in music education may be suitable candidates for graduate school offering an advanced degree in music education. Music education majors are prepared to pursue careers in teaching music, performance, and/or music ministry.

Students who major in music education at King will demonstrate a basic knowledge of music theory through the correct application and analysis of four part writing in an original composition, demonstrate knowledge of Western musical heritage as interrelated to the development of western civilization, display competency as a performer and conductor, and demonstrate preparation for future leadership in music in various educational and musical settings.

Participation in Concerts
Music education majors are expected to be involved in several concerts each year as a member of a musical ensemble. In addition, all music and music education majors are required to complete a keyboard proficiency examination as designed by the music faculty and to perform a solo recital during the senior year in their primary instrument (voice, piano, organ, band instrument).

Applied Music (APMU)
Private one-hour lessons in brass, harpsichord, percussion, organ, piano, voice, and woodwinds are offered for credit. For one credit hour the student practices six hours a week.

Upon beginning the study of applied music at King, the instructor will place the student at the proper level (elementary, intermediate, advanced), which is indicated by the first digit in the course number. The middle digit indicates the area of study and the last digit indicates the number of semesters on one level of competency.
There is no limit to the number of semesters a student may study at one level. Advancement from one level is accomplished through performance juries. Moving from one level to another is a decision made by the faculty of the music program.
