

Welcome New Alumni

Congratulations to the Class of 2019, we are glad to have added new alumni to our network! We look forward to your continued involvement with King in the many ways we have for you to connect. If you would like to view photos from graduation, please [click here](#). If you missed the engagement email that went out, please contact Jenna Christie at jmchristie@king.edu.

Help Us Celebrate Jewel Bell

Our sincerest THANKS to those of you who responded to our recent request for quotes, short anecdotes and fond memories that illustrate how much Jewel Bell has meant to King over the years. We received some heartwarming tidbits of information....but we need more to adequately tell Jewel's story! Your memories will be compiled into an article for the next King

Magazine, which will celebrate Jewel's recent recognition as King's first-ever Honorary Alum. We're running out of time, so PLEASE take a few minutes in the next day or two to send your comments to Anne Dunham at amdunham@king.edu. Be sure to include your name as you would like it to appear in the magazine and the year you graduated. Thank you for being part of this very special project.

King License Plates Now Available

King University license plates are now available for Tennessee Residents. Orders can be placed online with license plate renewal at TN.GOV. The annual fee is \$61.50 and they can be personalized between three to five characters. Let's show our King spirit!

King Connection Update

We are excited to announce to alumni that there is a major update coming soon to King Connection - our online community. This update will make it easier for alum to connect to one another and will include an app accessible for all smart phones. Be on the lookout in the next few weeks for this exciting change.

STEMgineering Camp

King University Women in STEM present: **JULY 15-19**

STEMgineering CAMP at KING

Chemistry, Physics, Engineering, Biology, Electronics,
Computer Animation, Coding/Programming,
Statistical Analysis, Astronomy

\$225 for the week-long day camp
9:00am-4:00pm each day
price includes lunch

Girls going into Grades 5th-8th

Register at: WWW.KING.EDU WLTRAYNO@KING.EDU

A limited number of seats are still available for STEMgineering Camp, a week-long King University program that allows middle school girls – rising fifth, sixth, seventh and eighth graders – to explore careers while participating in fun, interactive workshops about chemistry, physics, engineering, biology, electronics, computer animation, coding/programming, statistical analysis, and astronomy. The camp is set for July 15-19, 9 am to 4 pm. The \$225 registration fee includes all workshop materials and lunch each day. Register at www.king.edu/stem/camp.aspx or email wltrayno@king.edu for more details.

"From the rising of the sun to its setting, the name of the Lord is to be praised!"

Psalm 113:3

***"When you give cheerfully and accept gratefully, everyone is blessed."
Maya Angelou***

Consider making a gift to King University and watch your blessings multiply in the faces
of our students!
